UBER HUBER ISSUE 119

Dear ,

We have recently upgraded our website so that you are able to earn membership points when you shop both in our physical store and on [Huber's online store](#) or when dining at our bistro. Your points will be updated daily and can be checked when you login to your online account. Your e-vouchers earned can also be used both online and offline. The minimum spend for online orders is now \$100 however we will continue to deduct a \$75 deposit and the balance deducted on the day of delivery.

I love the quality and convenience of [The Spice People](#) our new brand of spices from Australia. I like adding the smoked chipotle seasoning to my stews and to my chili bowl as it really give an extra dimension and kick to my dish.

Here's wishing your family and you an advance Gong Xi Fa Cai filled with the best of health in the coming year coupled with lots of happiness and prosperity!

Excite your appetite!
