UBER HUBER ISSUE 127

Dear ,

It's a week before we launch our Christmas catalogue and website on 1st November. You will be able to place all your requirements for Christmas and Thanksgiving thereafter.

The Toulouse sausage has firmly become a favorite on my dining table. It is a little peppery but the kids love it especially when I get a 800g piece, cook it in a snail shape in a frying pan and divide it as we eat.

Remember to look out for the Christmas catalogue which can be downloaded on our website at [www.hubers.com.sg/christmas!](http://www.hubers.com.sg/christmas!)

Or pick up a hard copy at our store from next Friday!

*Excite your appetite!*
