UBER HUBER ISSUE 122

Dear ,

In early April, I went to beautiful New Zealand for the first time. I travelled with a delegation of companies along with Enterprise Singapore on a sourcing trip. I got to learn about their food industry including food and safety standards. I was fortunate to meet many food and beverage companies and taste world class produce. World class produce that I hope to bring you in time to come. Watch this space!

Andre on a sourcing trip in New Zealand

Excite your appetite!
